CONNECT & DRIVE

Powerful. Connected. Convenient. This is what Pioneer car entertainment is all about. We offer more ways than ever before to enjoy your life on the road to the max. With more and better connection possibilities to integrate your smartphone. With smart, easy-to-use apps that connect seamlessly with our navigation units. On top of that, you can enjoy the superior audio and video quality that made Pioneer famous. Whatever you drive, whatever you play, we've got a full range of options to kit out your car. You're always connected with Pioneer.

NAVIGATION

NO-COMPROMISE NAVIGATION

Pioneer NavGate stands for the most powerful, extensive and accurate navigation around. Our units offer intuitive integration of your smartphone in the car. Using the AppRadioLIVE app on your smartphone, you get maps, traffic updates, music and more on the large touchscreen. With Bluetooth, MirrorLink and HDMI, you stay fully connected. Simple to use and easy to install, these systems give you full-on entertainment wherever you drive.

AVIC-F60DAB

Navigation DVD AV System.

Works with iPhone 5s/5c/5/4s/4 and Android phones. 7.0" capacitive touchscreen, Bluetooth and DAB+ tuner.

Built-in AppRadio Mode and MirrorLink.

Supports Siri Eyes Free.

navGate · Bluetooth · DAB+ · TMC · aha · Dual USB · AppRadio MODE · CAPACITIVE SCREEN · MirrorLink · DVD VIDEO · DIVX · DOLBY DIGITAL · MIXTRAX · HDMI

AppRadio MODE

With Pioneer's AppRadio Mode, you can control compatible apps – from an iPhone 5s/5c/5/4s/4 or compatible Android phone – directly on the large touchscreen. Simply connect a compatible iPhone or Android phone to your AppRadio or AppRadio Mode-enabled receiver and you are ready to use various third-party services – such as INRIX, Stitcher, Yelp – directly from the touchscreen. Get navigation and live traffic information, listen to your favourite music, check the weather, find nearby events and more, all while charging your smartphone.

AppRadioLIVE

For easier access to all your apps and digital media, Pioneer introduces the AppRadioLIVE App.
It offers a clear and neatly organised all-in-one interactive interface that will make your on-the road life a lot easier. And safer as well.
Just select what you need – maps, media, events or calendar – and you get a full-screen view of the relating content.

The AppRadioLIVE app is available for iPhone 5s/5c/5/4s/4 and works with all AppRadio Mode compatible products.

THE CLEAR CHOICE

Enjoy the convenience and superb audio of digital radio in your car. Pioneer AVIC-F960DAB (and AVIC-F60DAB) with a built-in DAB+ tuner give you crystal-clear radio from your favourite FM stations and a wide range of digital radio stations. What's more, you're in control of how you listen: Pioneer's NavGate unique Time Shift functionality allows you to pause and rewind live digital radio. The choice has never been clearer.

AVIC-F960DAB

Navigation DVD AV System.

Works with iPhone 5s/5c/5/4s/4 and Android phones. 6.1" touchscreen, Bluetooth and DAB+ tuner.

Built-in AppRadio Mode and MirrorLink.

Supports Siri Eyes Free.

DVD AV System with Bluetooth.
7.0" touchscreen.
Works with iPhone 5s/5c/5/4s/4 and Android phones.
Supports MIXTRAX, AppRadio Mode, Siri Eyes Free and MirrorLink.

MirrorLink

MirrorLink, an in-vehicle connectivity standard created by the Car Connectivity Consortium (CCC), enables you to connect your compatible smartphone to a Pioneer compatible in-dash receiver via a USB cable to access certain music and map applications for a more convenient and safer in-car experience.

Made for iPod iPhone

Media App Control

Bluetooth connectivity

Many new Pioneer devices within the MVH/DEH/FH range allow you to keep two Bluetooth phones connected simultaneously. So no more switching between your business and private phone is necessary. It's also possible to browse and stream music directly from an iPhone or Android phone. Media App Control even allows you to listen directly to music apps on your smartphone over your car stereo system.

Last, but not least, with Siri Eyes Free you can access many iPhone functions using voice commands.

Check your phone's compatibility at

Colour customisation

Customise your car stereo display to match your mood and/or your car illumination. With 210,000 colours to choose from, you can change the multi-colour RGB display and the key illumination separately to create your own personal combination.

MIXTRAX

Discover MIXTRAX – this exclusive Pioneer technology mixes your favourite tracks in an exciting and dynamic DJ-style, to create the perfect soundtrack. Some models feature built-in MIXTRAX. On other models you can use the MIXTRAX app in AppRadio Mode, or download the software to your PC.

AMPLIFIER & AMPLIFIED SUBWOOFER

COMPACT POWER PERFORMANCE

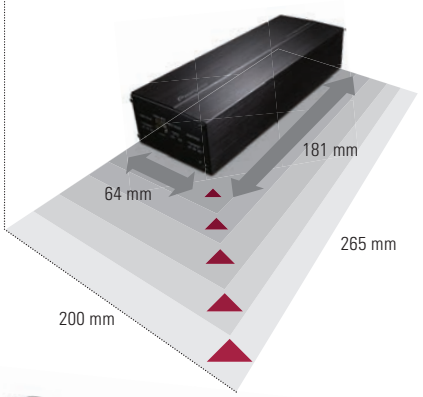
Small on size and big on power, this amp and amplified subwoofer won't crowd your boot. The easy to install 4-channel digital amplifier is designed to give your factory fitted system a boost. The amplified subwoofer is built with high-tech HVT technology. This unique, space saving design adds bass to your system, while reducing unwanted vibrations.

GM-D1004

Compact 4-channel Class-D Amplifier
4 x 100 W (4 Ω/2 Ω) MAX.
4 x 45 W (4 Ω/2 Ω) continuous output power

Limited footprint

The GM-D1004 is the perfect solution for systems in which extra power is needed, but where space is limited. Despite it's very restricted dimensions, this Class-D amplifier delivers no less than 4 x 100 W of power.



TS-WH500A

150 W MAX.

18 cm x 10 cm Dual Cone Sealed Amplified Subwoofer
Space-saving design: only 6 cm high

Horizontal-Vertical Transforming (HVT) technology

The new TS-WH500A amplified subwoofer incorporates groundbreaking HVT technology from Pioneer. This **world-first** design transforms the speaker's voice coil movement from horizontal to vertical, by using linkage mechanisms in the speaker. The thickness of the speaker, as well as unwanted vibration, are drastically reduced. The unique design achieves higher sound quality and richer, clearer bass than ever before by a shallow speaker.

ENHANCED AUDIO EXCELLENCE

Drive your sound system with style. TS-G speakers offer that famous Pioneer high-quality sound, and have a dynamic new look as well. These models will improve your audio experience as they deliver higher sensitivity and more power. They're designed to enhance your factory fitted stereo and are very easy to install, thanks to their design and multiple fitment options available. Be ready for an instant audio road trip.
